

Intensive course for acquiring Flower specialist qualification

Asia flower culture association will hold an intensive course to acquire the flower specialist qualification of AFCA. The course is open to people of all Asian countries. The 13 day intensive course will provide the information and skills required to attain an AFCA instructor certification. The AFCA instructor certificate is an accreditation that allows you to train flower specialist in your country, and disseminate flower design knowledge and skills. AFCA will support your lessons with flower recipes and follow up projects after you acquire the certification. We are looking forward to seeing you.
