

## Notice to all teachers who wish to register as instructors in 2024

Thank you to all the teachers for your continued cooperation in our association's activities.

Now, from 2024, there will be some revisions regarding applications for instructor registration from instructors, and they will be required to attend an instructor registration course. We would like to inform you that an instructor registration seminar will be held in accordance with the revision.

Currently, instructor qualifications can be obtained by applying to the headquarters after obtaining instructor qualifications.

In order to ensure the technical level of instructors, a revision has been made to require instructors to attend an instructor registration course before registering as an instructor.

In conjunction with this, we will be holding an instructor registration seminar as shown below, so if you currently have an instructor qualification and would like to obtain instructor qualification in 2024, we would like to encourage you to take this opportunity to attend.
